

1 Product Overview

Quick Installation Guide

USB 3.0 Type-C & Type-A to SD & microSD 3.0 Adapter

Connector	USB 3.0 Type-A, USB 3.0 Type-C
Interface	microSD (TF) Card slot ×1, SD card slot ×1
Memory Card Transfer Speed	Supports theoretical transfer rates of up to 200 MB/s*
Supported Memory Cards	microSD (TF) Card / SD Card
Supported Maximum Card Size	2 TB or less
Supported Systems	Windows, iOS, macOS, iPadOS, ChromeOS, Linux, Android, etc.

*Achieve up to 200 MB/s read speeds with cutting-edge technology, surpassing UHS-I 104 MB/s. This requires compatible devices capable of such speeds. Actual transfer rates are not guaranteed and may vary due to device conditions and environmental factors.

Images are for demonstration only.

2 Using the Adapter

This adapter supports the Plug and Play feature. Choose the connector based on the port type of your host device. Remove the USB cap and plug one of the USB connectors into **ONE** host device. Then, insert your card(s) into the corresponding slot(s).

Note:

- DO NOT** connect this adapter to 2 host devices at a time.
- DO NOT** remove the adapter while transmitting data.
- This adapter supports simultaneous reading and writing to both a microSD (TF) card and an SD card.

Option 1. USB Type-A Port

Option 2. USB Type-C Port

- SD Card:** With the gold contacts facing **UP**, insert the SD card into the slot until the card is fully inserted.
- microSD (TF) Card:** With the gold contacts facing **DOWN**, insert the microSD (TF) card into the slot until the card is fully inserted.

Safety Information

- When product has power button, the power button is one of the way to shut off the product; when there is no power button, the only way to completely shut off power is to disconnect the product or the power adapter from the power source.
- Do not attempt to disassemble, repair, or modify the device. If you need service, please contact us.
- Keep the device away from water, fire, humidity or hot environments.
- This equipment can be powered only by equipments that comply with Power Source Class 2 (PS2) or Limited Power Source (LPS) defined in the standard of IEC 62368-1.

Продукт сертифіковано згідно з правилами системи УкрСЕПРО на відповідність вимогам нормативних документів та вимогам, що передбачені чинними законодавчими актами України.
